

Cardiac Clinic

2024 American Water Spaniel Club Nationals

An opportunity to obtain an OFA cardiac evaluation!

AWSC recommends that dogs be screened for cardiac defects: Basic Cardiac Exam within one year prior to breeding, preferably by a veterinary cardiologist OR by echocardiogram at least once at one year of age or older.

*Chris Stauthammer, DVM, Dipl. ACVIM (Cardiology)
Professor, Cardiology, Veterinary Clinical Sciences
University of Minnesota*

**Thursday, August 8, 2024
Horse and Hunt Club, Prior Lake, Minnesota
Hours – 1 to 4 PM**

**Auscultation - only Exam – \$30
Echocardiogram – \$250**

Cost represents a lower price after subsidization from funds provided by AWSC's Health and Genetics Committee.

Appointments will be scheduled by the Committee

Signups and pre-payments (check / money order) must be completed prior to Nationals. Send to Lois McCracken, P O Box 91, Wedgefield, SC 29168 along with this printable form (available on AWSC website) to reserve your spot!

Prior to Nationals, complete the application for Basic Cardiac Database on Orthopedic Foundation for Animals website (<https://ofa.org/applications/>). The Advanced (Echocardiogram) Cardiac Exam multipart forms are only available from the attending cardiologist.

Deadline for Form and Payment – July 1, 2024

You may complete this printable form located on the AWSC Website.
